DISCUSSION WITH DCI

6 September 1979

-- Budget Review

- We are expecting most budget submissions by the end of next week or the beginning of the following week.
- Within the next several weeks I will discuss with you an agenda of the issues we intend to raise during the budget review.
- We will try to split the issues so that you need only to decide the large issues. I will decide the smaller issues and they can be appealed to you if necessary.

-- DCI's memo on RMS activities:

- Very helpful
- Working on RMS response--hope to have it to you next week.
- Would be very useful if DCI could continue the dialogue.
- RMS meeting [] 3 - 4 October--would be interesting to have DCI at evening session.
